About the Online Training Program:

(Mail from APSSDC)

Honorable Principals / SPOC's Good Evening,

Greetings from APSSDC

APSSDC has initiated CRT program in online mode with the association of NAANDI foundation to provide analytical, logical ability to your students which will help them to be more productive and employable. APSSDC ESC staff must be in touch with your colleges SPOC for the implementation of this program.

I humbly request all respectable principals, please encourage any of your interested students to attend this training session.

I kindly ask for everyone's assistance in putting this idea into action because we are facing some difficulties because of staff shortage. I need your assistance for motivating, keeping track of attendance, and to ensure the program's success, I request that we all do the following steps

Designate a SPOC in every ESC for organizing the program at the college end – (Principal)

Establishing separate Whatsup groups for boys and girls for the participate students. This would make it easier for us to inform and update the students about the programme daily. This group can be deleted once the programme is over. (SPOC/ Boys group for Boys / Girls group for Girls) once done SPOC should only be the admin.

We have a SPOC group from the APSSDC side, and I would advise the district skill development officer to have a SPOC group there as well. (DSDO)

Since some of you (Principals) are already a part of the SPOC group, I would like to ask the remaining Principals to join us in the group. (APSSDC)

As this would be a large-scale training, I'd want to set up a video call with everyone to talk over the timetable. Since we have the equipment to train up to 20000+ students and there are already 13000 students registered for this training in the APSSDC portal, I'm requesting all of you once more to encourage your students to attend this training. (Principal / SPOC)

About Training Programs: (Received Mail from TCS)

Dear Madam/Sir,

Greetings from TATA CONSULTANCY SERVICES!

We appreciate the interest shown by you in increasing the employable skills among the non-engineering graduates. Please find below details about the program and the process to be followed.

About the program:

The Youth Employment Program (YEP) stems from the Tata Affirmative Action Program (TAAP) under the CSR umbrella and has been driven since 2011 addressing the challenge of unemployment within India. TCS believes that given the right opportunities and learning skills, even those from socially and economically under-privileged families, will be able to showcase their potential, join the mainstream economy, and shall have a dignified life. The program aims at providing Free Employability Training for the SC/ST and other economically weaker candidates. The program also supports the youth for guiding them for internal (in TCS) and external opportunities for their jobs. We mobilize these youth by partnering with Colleges, Universities, NGOs, Corporate Foundations, Religious Trusts, Government Bodies and Tata Group companies. In terms of geographic reach, the program is currently operating in over 30 states / UTs. Nearly 13,000 have got jobs in TCS. About 10,000 have gained meaningful employment in other companies.

The training has led to lifting out over 2,500 families out of poverty annually. Families of the beneficiaries get access to better nutrition, health care, support for sibling's education, access to water and sanitation, better housing. Overall, better standard of living – as in the case of Biki Minj, whose father had passed away while she was still in her mother's womb. Hailing from a tribal, homeless, tea garden laborers family, today Biki takes care of her mother, and they have a home, and guaranteed three meals a day.

The Youth Employment Program is poised for major scale up from present 15,000 per annum coverage to over a million per year. By leveraging digital capabilities of TCS, it would benefit 10 million by 2030. You too can join us in this great journey. There is a space for everyone to contribute, and to build on the belief of your own and the life of others.

Training details: The training will be of about 100 hours, covering standard modules prepared by TCS on Business Skills, Communication Skills, Quantitative Aptitude, Logical Reasoning, Computers, Interview Skills, Resume Writing to name a few.

About Training and Placement Cell:-

Career Guidance and Placement Cell equips the students with all the skills they needed to be placed in their dream companies, without knocking on various doors for jobs and enhances the reputation of the Institution with its placement records. It creates awareness about career planning and career mapping and organizes various training programs to train the students in the areas of Quantitative Aptitude, Logical Reasoning, Verbal Reasoning, Soft Skills and Interview Skills through reputed training organizations.

The career guidance and placement cell functioning in the college organises recruitment drives, seminars and invited talks on career opportunities, higher study options and entrepreneurial skills. Apart from this common platform various departments offer workshops, talks, seminars etc on career opportunities and soft skill development. The Training and Placement department extends its training to meet the high industry expectations. It also conducts special Campus Recruitment Training programs for the aptitude development of students. In addition to this, the T&P Department provides guidance to students desirous of pursuing higher education in India and Abroad. It regularly conducts technical lectures, career development programmes, guest lectures on personality development, resume writing, group discussions and interview techniques and provide other inputs to make our students highly employable. The performance of students has been improved and we all must work for more commendable placement records.

The cell function with the following objectives:-

- Inform to the students about various career opportunities and higher studies.
- To Organized campus Interviews for offering placement services to Students.
- To Established MOU with various Government, Industries Professional, Private Placement agencies etc.
- The cell conduct programmes on Aptitude, Soft skills and Communication skills for students.
