Acknowledgements

Firstly, I would like to thank the "Multimedia and Animations" organization for giving this wonderful opportunity to do an internship. I would like to thank all the people that worked along with me in "Multimedia and Animation" long term internship with their patience and openness. They created an enjoyable working environment. I am highly indebted to our principal Dr. sis. Rev. Fathima Rani. P, for the facilities provided to accomplish this internship. I would like to thank my Head of the Department Mrs. B. Usha Rani for her constructive criticisms throughout my internship. I would like to thank all my friends who helped me in successful completion of this Internship. I am extremely grateful to Mr. internship co-ordinator for his wonderful support and advices to get and complete intership. It is indeed with a great sense of pleasure and immense of gratitude that I acknowledge the help of these individuals. However, a wide array of people can benefit from training interships in order to receive real world experience and develop their own skills.

CHAPTER 1: EXECUTIVE SUMMARY

The internship report shall have a brief executive summary. It shall include five or more Learning Objectives and Outcomes achieved, a brief description of the sector of business and intern organization and summary of all the activities done by the intern during the period.

During the six months duration of Multimedia and Animations and special effects trade a candidate is trained on professional skills, professional knowledge and employability skill. In addition to this a candidate is entrusted to undertake project work and extra curricular activities to build up confidence. we learn about safety and environment use fire extinguishers. we learned about computer peripherals, windows interface and its related software installation process. we will work with photography like Adobe photoshop to edit image retouch and fixing image using color, filter and for digital painting. we also learn and experience with application software with adobe photoshop illustrator for advance editing and graphic design. we can able to work with Adobe Premier for video editing, mixing audio, text, image and video. we can able to create 3D Animations, 3D Modelling and texturing.

Learning objectives and outcomes:-

- * To be an effective executive in future
- * An objective for this position should emphasize the skills you already in the area and you interest in learning more
- * Good opportunity to expose to working environmental and gain knowledge, working experience before graduated.
- * study the organization, escapes department to the practical situation.

CHAPTER 2: OVERVIEW OF THE ORGANIZATION

Suggestive contents

- A. Introduction of the Organization
- B. Vision, Mission, and Values of the Organization
- C. Policy of the Organization, in relation to the intern role
- D. Organizational Structure
- E. Roles and responsibilities of the employees in which the intern is placed.
- F. Performance of the Organization in terms of turnover, profits, market reach and market value.
- G. Future Plans of the Organization.

Introduction of the organization:-

Multimedia and Animations, are learned during this internship. Through "Red carpet Animations visual Ex organization". It is a "Software training and development" company. This is established nearly 8 years ago. The founder and chief executive officer, "Mr. P. chandra sekhar," Company located in "Guntur, Broadipet 4/13, 3 and 5 chamber, 2nd floor" present days, all the youth focus on the multimedia and Graphics.

There is no any sub branches to the company. The main aim of this company is to give motivation to youth and to develop the Animations and to guide the people to make Graphics. For this we used Adobe Photoshop 2020 latest version. To encourage the youth this company was established. By this every one can improve their own skills.

Multimedia and Animations Mission, vision and values:-

Multimedia and Animation Mission statement: Let's create experiences that matter. Adobe is the global leader in digital media and digital marketing solutions. Our creative, marketing and document solutions empower every one from emerging artists to global brands - to bring digital creations to life and deliver immersive, compelling experiences to the right person at the right moment for the best results. In short, Adobe is every where and we are changing the world through digital experiences.

Vission Statement:- Providing quality education and ensuring the advanced research about Graphics. we want to contribute to develop knowledge based society, and creativity improving their own skills.

Adobe Multimedia and Animations values:-

- * Genuine
- * Exceptional
- * Innovative
- * Involved
- * Creativity
- * Efficiency
- * Visualization
- * Skillfulness
- * Team work.

Companies have a key role to play. we aspire to the never settle for the status quo.

Policy of the organization:-

An internship is a supervised experience directly related to an academic discipline. It typically lasts for one semester and it must be planned and approved before it takes place with prior approval. Students may begin an internship at any time and enroll for credit in a following semester.

- * Schools of communications interns must write an internship experience report, which is required academic component.
- * Internship may be done in our college, and at the organization including other states.
- * A single work experience may not be used by a student to both internship credit and other forms or credit that is independent study credit.
- * This sector is the best example of creativity and technology. It helps to growth of Multimedia and Animations.
- * Six credits is the maximum allowed to a single internship site.
- * Work experience learns to help the Animations and Graphics mainly editing the text, images etc.
- * Graphics, 3D images, Movies are planned for the development.

Organization Structure:

- * Multimedia means that computer information can be collected through audio, video and animation etc.
- * Multimedia use text, images, graphics are major sources of the people.
- * Multimedia needs large space to store information.
- * Multimedia use to deliver information to user in digital form.
- * Animation the process of designing, drawing making layouts and preparations of presentation, through animation we can move pictures in motion. we can make video also.
- * Animations are created from a sequence of still images, each image is slightly changes from previous one.
- * Animation becomes very famous since 1950s.
- * Nowadays there are 2D Animation movies and 3D Animations movies, Animation means putting life on non living things.
- * It structures data, organizes and manage it using a tabular approach. It is also a hub to store large amount of data that is collected from multiple users.
- * This enables Multimedia to load more than the available System RAM.
- * Multiple users can access this data for part and easy received at any time.

Roles and Responsibilities of the employees in which the intern

role:-

- * An intern is a trainee who has signed on with an organization for a brief period. An intern's goal is to gain work experience occasionally some university credit and always an overall feel for the industry they are interning.
- * Refiling tasks set out by the supervisors from several departments attending meetings and taking minutes performing research at a supervisor's request updating social media platforms and writing copy for parts.
- * Responsibilities return to the tasks and duties of their particular role (or) job description employees are held accountable for completing several tasks in the workspace the clearer their supervisor outlines the tasks.
- * The better employees can achieve their team's goals and succeed in their roles at the company. Facilitate tasks for the sales associates. Keep the stores looking clean and organized.
- * Every one must play their own role to improve their own skills.

Performance of the organization in terms of turnover, profits

Market reach and Market values:-

This measure calculates the company turnover rate, Multimedia turnover refers to the percentage of the learners who left during the past years whether intership or job. The staff productivity measure is intended to help companies assess the efficiency of their staff related to the process "Multimedia and Animations". According to the company turnover may be low but, In visual fx, graphics are more profitable.

Future plans of the organization:-

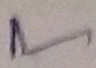

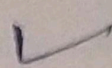

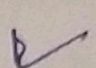

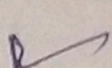

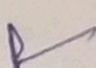

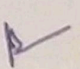

In this present world, all the students are interested in Social Media Marketing like Facebook, Instagram, Youtube etc... In this websites Animations and Graphics are highlighted. So, everyone is interested in learning Animations. Visual fx and Animations, short films, movies, Graphics, 3D and 2D images are planned to the development. For a creative world, with a various graphics and effects.

CHAPTER 3: INTERNSHIP PART

Description of the Activities/Responsibilities in the Intern Organization during Internship, which shall include - details of working conditions, weekly work schedule, equipment used, and tasks performed. This part could end by reflecting on what kind of skills the intern acquired.

I have completed my internship work in the "Multimedia and Animations" organization. I have done my internship for about 6 months. I completed my internship work in my college. Our faculty guide is very supportive and cleared my doubts regarding internship. We also used our classrooms and labs to do our work. In Photoshop, we use our personal computers, laptops, and systems provided by our college. We completed the internship work on the Photoshop, knowing the new techniques for editing the text with different font styles, learning to create an attractive images, and videos etc. Making logos, removing the scratches in old images, size adjustments, adding new colours with different styles with the help of using layers, and the tools which are included in Adobe Photoshop, visual effects, 3D images, cutting an images etc. This internship helped me to acquire lot of skills, such as technical skills, Managerial skills, job skills and communication skills etc. And maintaining the leadership is difficult but it is very useful to guide myself and guiding others. With the help of all tools, we can able to modify the images, videos etc.

ACTIVITY LOG FOR THE FIRST WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day -1	Introduction about Multimedia Animations and what is logo and graphics etc.	Knowing about the logo and types of Graphics	
Day -2	Practicing about multimedia Animations and logo preparations and how to use the graphics to images	Learning about logo's and Animations and using Graphics	
Day -3	What is color, spectrum and how to install the multimedia and adobe photoshop	Installation of the Photoshop, learning about the types of colors which are visible	
Day -4	Practicing about colors, spectrum and how it is used in photoshop software	Could be able to install adobe photoshop and implementing the colors.	
Day -5	In photoshop, learning about the measurements of photos, Albums, sizes, layers, selections, Images, editing, files.	Knowing about the properties to begin photoshop. Learning to do the work	
Day -6	Practicing the measurements on photos, albums, sizes, layers, selections, Images, edit files.	Could be able to work on the photos by using measurements.	

WEEKLY REPORT

WEEK - 1 (From Dt. 08/11/22 to Dt. 14/11/22)

Objective of the Activity Done: Learning about Multimedia Animations:-

Detailed Report: In this week, we know about how to install photoshop and to use the photoshop software.

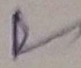

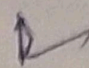

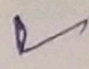

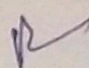

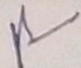

We have learned about Logo and what is meant by Graphics? and types of graphics. Basic Graphics depends on pixels. The word derived from Greek, means picture elements or colors.

color:- The lightning wavelength (or) reflection of the light which is visible to our eye. Knowing about total Number of colors reflected by sun and Human visible colors and usage of colors. They are 4 types, they are:- RGB, CMYK, HSB, LAB colors. LAB colors are human perception colors and RGB, CMYK, HSB are mostly usable.

Installation of adobe photoshop:- version of photoshop is CS 2022 is highly updated system. Adobe is an Foren Related company and 27 members of Indian's are in developing sector. For, Installation, we have to click on the file manager then go to Master collection and click on autorun right click to Run as administrator. then photoshop 21.0 version appeared.

Then go to local disk (C:), click on program files, then adobe, In that adobe, paste the adobe photoshop. Then installation completed. now we can able to work on photoshop. For this, we have to learnt about the measurements, sizes, photos, files, opacity, resolution, layers and how to use shortcuts etc.

ACTIVITY LOG FOR THE SECOND WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day -1	Introduction about the Anchor point path segments components and points	Learnt about the Anchor point and its components.	
Day -2	Practiced about the path segments, components and points of Anchor points.	Could be able to understand the path segments, and components.	
Day -3	Explanation about how to select the single path and multiple paths.	Understood how to select the single and the multiple Paths	
Day -4	Practiced how to select the paths and how to edit the selected photos.	Could be able to select the paths and edit them.	
Day -5	Explanation about how to adjust the position (or) shape and delete segments	Learnt how to adjust the position and delete the segments	
Day -6	Practiced how to adjust the position or shape and delete the segments.	Could be able to adjust the positions and delete the segments.	

WEEKLY REPORT

WEEK - 2 (From Dt..5/12/22, to Dt..10/12/22.)

Objective of the Activity Done:

Using the anchor point in photoshop:-

Detailed Report:

Anchor point tool is used to add more anchor points to the given image to create better curves, and delete unnecessary anchor points.

path segments, components and points :-

A path consists of one or more straight or curved segments.

Anchor point makes the end points of the path segments. On curved segments, each selected anchor point displays one or two direction lines, ending in direction points.

Select a path:-

- To select a path, select the path selection path tool.
- To select the path segment, select the direct selection tool.
- To select multiple paths hold down the shift key while selecting additional paths or segments.

Adjust and delete path segments:-

- With the direction selection tool, select the segment you want to adjust.
- Drag the segment to its new position.
- To delete a segment select the direct selection tool, and select the segment you want to delete.
- press Backspace (windows) or delete the selected segment pressing backspace erases the rest of path.

ACTIVITY LOG FOR THE THIRD WEEK

Day & Date	Brief description of the dally activity	Learning Outcome	Person In-Charge Signature
Day -1	Introduction about different tools in photoshop to create elements such as chess board and carrom board.	Understand about the different tools in photoshop to create chess and carrom board.	
Day -2	practice of different tools in photoshop which are used to create chess board and carrom board.	Could be able to use the different tools to create the chess board and carrom board.	
Day -3	Explanation about how to create a chess board in photoshop using different shortcuts.	Learnt how to create a chess board by using different steps.	
Day -4	practice of how to create the chess board in photoshop using different shortcuts.	Could be able to create the chess board by using different steps.	
Day -5	Explanation about how to create a carrom board by using different shortcuts and keys in photoshop.	understood how to create a carrom board by different steps in Photoshop.	
Day -6	Practiced how to create a Carrom board in photoshop by using different shortcuts and keys in photoshop.	Could be able to create the carrom board in photoshop by different steps.	

WEEKLY REPORT

WEEK - 3 (From Dt. 12/12/22 to Dt. 17/12/22)

Objective of the Activity Done:

Creating chess board and carrom board.

Detailed Report:

Have created the chess board or carrom board in photoshop by using the following steps:-

Variations of type tool:- The four variations in type tool are:-

- 1)  - Horizontal type tool
- 2)  - Vertical type tool
- 3)  - Horizontal type Mask tool
- 4)  - Vertical type Mask tool.

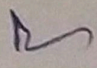

Type tool options:- The type tool options palette consists of basic formation to your text such as changing font, size, alignment

character palette:- character palette is used to adjust tracking leading and kerning.

paragraph palette:- The paragraph palette is used in paragraph to do alignment, intendation and word hyphenation.

wrap text:- The wrap text in photoshop about allows you to wrap text in many different styles.

ACTIVITY LOG FOR THE SEVEN WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day -1	Learning about marquee tool this tool is used to selection the particular text etc. we have different types of properties	Knowing about marquee tool types, how to select; and the properties in this tool.	
Day -2	Practicing the marquee tool to selecting particular image and text, using the properties of the tool.	Learning how to utilize the marquee tool and use the properties of this tool	
Day -3	The marquee tool consists of 4 types. they are used to selection this tool is the simplest selection tool that photoshop can offer.	Learning about the marquee tool types & selecting with different types that are existed	
Day -4	Practicing the marquee tool types and using these tools in images and text in the Photoshop.	knowing about the using of different marquee tool types and implementing tool	
Day -5	In this when you select a tool in photoshop notice that the option bar under the menu changes depending on the tool.	Learning about to select a tool & the option bar under the menu changes to the tool.	
Day -6	Practicing by using the options bar under the menu changes depending on the tool when we select particularly	knowing about the usage of option bar under the menu changes depending on the tool to select.	

WEEKLY REPORT

WEEK - 7 (From Dt... 16/11/23 to Dt... 21/11/23)

Objective of the Activity Done:

Learning about Marquee tool.

Detailed Report:

In this week, we learnt about the marquee tool. This tool helps to selection of a particular place whatever we need to modify either it may be text or an image. This tool is useful. If we open marquee tool from the toolbar, we can able to see four different tool options; they are:

1) Rectangular Marquee tool

2) Elliptical Marquee tool

3) Single row Marquee tool

4) Single column Marquee tool

We can quickly select the marquee tool by pressing "M", then we can switch between the rectangular and elliptical tool by clicking shift+M. Let's select the rectangular tool then click on the tool and drag it makes rectangular selection. There are 2 important keys you want to notice when using marquee selections. First, if you press and hold the shift, you will get square selection, If you press and hold Alt then your selection will be created from the center. we can notice that the option bar under the menu changes depending on the tool you have selected. This is the option for the marquee tool: - They are New selection, Add to selection, Subtract from selection, Intersect with selection. with the help of these options, we can able to create new Logo's, new images and new text etc.

ACTIVITY LOG FOR THE EIGHTH WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day -1	Introduction about pen tool and its properties such as how to draw lines and shapes.	Learnt about the pen tool and its properties in the Photoshop.	
Day -2	Practiced about pen tool and drawing lines and different shapes by using pen tool.	Could be able to draw lines and different shapes	
Day -3	Explanation about fills, strokes how to make selections and mask a layer in pen tool	Understood about the fills, strokes, selections and the layer mask	
Day -4	Practiced the fills and strokes how to mask a layer, and how to make selections	Could be able to fill and stroke and mask a layer by selections.	
Day -5	Explanation about paths, how to create the shapes and how to draw freely by using pen tool.	Understood about the paths, shapes and how to draw freely in Photoshop.	
Day -6	Practiced about the paths, shapes and how to draw freely by using the pen tool.	Could be able to select paths, draw shapes freely by using pen tool.	

WEEKLY REPORT

WEEK - 8 (From DL 23/1/23 to DL 29/1/23)

Objective of the Activity Done:

Use the pen tool in photoshop.

Detailed Report:

pen tool is a simple selection tool with a wide range of applications for users at every skill you can find the pen tool in the lower half of the photoshop toolbar, grouped with the shape tool, the type tool, and the direct selection tool.

→ To draw a line create a straight line by settings two anchor points. add and move a third anchor point to create a curved line, or use the freeform pen tool to draw lines by hand. These masks are called paths.

→ To fill a shape with a color, pattern, or gradient, choose the fill path option, with the pen tool we can trace the outline of one element of your image that you want to cut out or touch up separately.

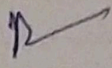

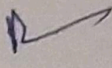

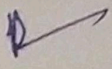

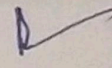

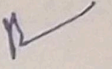

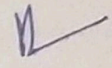

→ one of the pen tool's most powerful functions is the ability to draw paths.

→ To draw shapes:-

- 1) select it: select the pen tool.
- 2) Anchor it: click on where you want your line to begin to place your first anchor point.
- 3) Connect it: click where you want your line to end to place a second anchor point.

This is the usage of pen tool in photoshop.

ACTIVITY LOG FOR THE NINETH WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day -1	In photoshop, knowing about image colors and how to create or adding colors to the images	Changing colors in an image and add brightness in the image with brush tool.	
Day -2	Practicing the image coloring with the help of tools and changing the color modes in the photoshop	Learning how to add the colors to the images with the help of tools	
Day -3	Learning about the Quick mask mode and apply mask to the image and using the brush tool.	knowing about the mask mode and start using that tool in Photoshop.	
Day -4	practicing the Quick mask mode and applying mask tool to the image with the help of tools	Learning about the Quick mask mode applying to the images.	
Day -5	With the help of brush tool we can able to change the color of particular place and learning about adjustments	Learning about brush tool benefits and knowing about the adjustments.	
Day -6	Practicing how to apply the Quick mask and adjustments to the image and color balance filters in photoshop.	Learning about the adjustments, color balance, filters, levels, etc...	

WEEKLY REPORT

WEEK - 9 (From Dt...30/1/23 to Dt...5/2/23)

Objective of the Activity Done:

Image ("Adjustments") Measurements & color

Detailed Report:

In this week, we learn about the image coloring we can able to change the image colors in the particular place with the help of Quick Mask Mode

1) Initially, we have to put in default mode [d] key. Then select Quick Mask Mode then we can find the color palette, colors will be appear, then we can able to change the color.

2) select the specific colors in the color pannel and click apply.

3) With the help of brush tool, it makes smoother to change the color in the particular place of the image.

4) we have to put in default mode i.e. [black and white]

5) when we want to apply Quick Mask Mode it must be in black as foreground color.

6) when we want to erase then use white.

7) After selection, it have to be inverse with the help of shortcuts

8) Then we have to go to image, Adjustments later to exposer

In that lightning levels are of 3 types. They are:-

① "shadows"

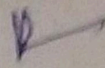

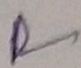

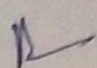

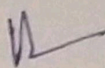

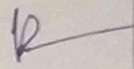

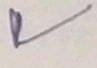

② Highlight ["Mid tone"]

③ "Highlights". In this we have to remember the order.

i.e.; shadows, Mid tone and highlights. Exposure are of two types

they are curves, levels. we have to manage the color balance.

ACTIVITY LOG FOR THE TENTH WEEK

Day & Date	Brief description of the dally activity	Learning Outcome	Person In-Charge Signature
Day -1	Introduction about how to create 3D images from scratch in photoshop	Learnt about how to create 3D images from scratch in photoshop	
Day -2	Practiced how to create 3D images from scratch in photoshop	could be able to create 3D images from scratch in photoshop.	
Day -3	Explanation about the tools to create 3D simely image	Learnt about the tools to create the 3D smiley.	
Day -4	Practiced about the tools that are required to create Smiley in photoshop	Could be able to use the tools that are required to create 3D smiley.	
Day -5	Explanation about how to create 3D smiley -from scratch in photoshop	Understood about how to create 3D smiley from scratch	
Day -6	practiced how to create 3D Smiley by using different tools in photoshop	Could be able to create 3D smiley from scratch in photoshop.	

WEEKLY REPORT

WEEK - 10 (From Dt. 02/23 to Dt. 11/2/23)

Objective of the Activity Done:

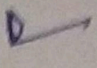

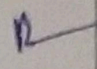

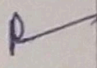

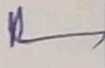

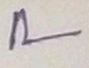

Creating a nice 3D smiley from scratch.

Detailed Report:

Start a new document 500x500, white background.

- Use the circle shape tool to create a perfect circle shape. Apply a 2px stroke layer style (Layer > Layer style > Stroke) of colours #D8D635 → #FEE617 → D9A8D60.
- Apply the color #B59605 to the circle.
- Create new layer and set foreground color to white.
- Use the selection tool to create a circular selection about 3px smaller than the shape.
- Now to create eyes, we have use elliptical tool for a round circle and shape it into oval for eyes.
- For mouth and eyes, eyebrows, it is select convert point tool to adjust eyes.
- Next add shines to the eye (select → Modify → Contract)
- The next step is to create the pupil of the eye and the mouth.
- Apply some level and emboss + drop shadow to give it depth.
- You can try adding some inner shadow + strokes to give more details to the face.
- May be some more details such as giving eye lid to the smiley.

ACTIVITY LOG FOR THE ELEVENTH WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day -1	Introduction about the tools such as filters, gender & difference clouds	Learnt about the tools such as the filters, gender and difference clouds	
Day -2	Practiced about the tools such as filters, gender and difference clouds	Could be able to use the tools as filters, gender and difference clouds.	
Day -3	Explanation about the remaining tools such as adjustments and levels to create hot sun	Understood about the remaining tools such as adjustment and levels.	
Day -4	Practiced about the tools such as adjustments and levels to create a red hot sun	Could be able to use the tools such as adjustments and levels	
Day -5	Explanation about how to create red hot sun in photoshop document	Learnt about how to create the red hot sun in photoshop document	
Day -6	Practiced the how to create a red hot sun in photoshop document	Could be able to create the red hot sun in photo shop document	

WEEKLY REPORT

WEEK - 11 (From Dt. 13/2/23 to Dt. 18/2/23)

Objective of the Activity Done:

Creating a red hot sun.

Detailed Report:

Start a new document about 800x800.

* Create a new layer. Then use the elliptical marquee tool, and while holding down shift.

* Fill the selection with black. Now go to Filter → Render → Render → difference clouds. press CTRL+F two more times to reapply the filters.

* Then go to Image → Adjustments → Levels. Move the centre and right slider towards the left, something similar to input levels 1.64 and 189.

* Now go to Filter → sharpen → unsharp Mask

Amount : 500%

Radius : 3.0

Threshold : 1.5

* Now go to Filter → Distort → spherize

Amount : 100%

* Then Filter → Distort → spherize again but this time:

Amount : 50%

* Apply the following color levels:

Shadows : +100 | 0 | -100

Midtones : +100 | 0 | -100

Highlights : +70 | 0 | -15

ACTIVITY LOG FOR THE TWELVETH WEEK

Day & Date	Brief description of the dally activity	Learning Outcome	Person In-Charge Signature
Day -1	Explanation about the tools such as blur, Gaussian blur and Motion blur	Learnt about the blur, Gaussian blur and Motion blur	
Day -2	Practiced how to use the tools blur, Gaussian blur and Motion blur	Could be able to use the tools blur, Gaussian blur and Motion blur.	
Day -3	Explanation about the Artistic, plastic wrap and fade chrome	Understood about the tools artistic, plastic wrap and fade chrome.	
Day -4	Practiced the tools artistic plastic wrap and fade chrome	Could be able to use the tools artistic plastic wrap and fade chrome	
Day -5	Explanation about how to create a water drop running from tap in a photoshop document	Learnt how to create a water drop running from the tap.	
Day -6	Practiced how to create a water drop running from tap in a photoshop document	Could be able to create a water drop running on tap.	

WEEKLY REPORT

WEEK - 12 (From Dt. 20/1/23 to Dt. 25/1/23)

Objective of the Activity Done: Creating realistic water from tap.

Detailed Report: Let's start with a new document 500x500

* Press n to reset your color palette to black and white

Create a new layer, then apply the following filter:

Filter → Render → clouds

* Apply: Filter → Blur → Gaussian Blur

Set: 6

Apply: Filter → Blur → Motion Blur

Set: Angle: 90, Distance: 80

* Now go to Image → Image Size

Set: width: 300 pixels then click ok

* Next, go to Filter → Artistic → plastic wrap

Set: Highlight strength: 15, Detail: 10, Smoothness: 10

Apply Filter → Sketch → chrome

Set: Detail: 0, Smoothness: 8

* Go to Edit → Fade chrome

Set: opacity: 100%. Mode: Hard light

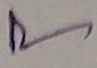

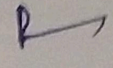

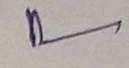

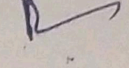

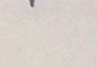

* Now go to Image → Image Size

Set: height: 800 pixels

* Now go to Edit → Transform → Warp

Move the anchors around, inward up and down just play with it to shape it like running water.

ACTIVITY LOG FOR THE THIRTEENTH WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day -1	Introduction about how to create the business cards and visiting cards in photoshop	Learnt about how to create business cards and visiting cards	
Day -2	Practiced about how to create the business cards and visiting cards in Photoshop documents	could be able to understand how to create visiting and business cards	
Day -3	Explanation about the tools that are used to create visiting cards in photoshop document	Understood about the tools that are used to create visiting cards	
Day -4	Practiced about the tools that are used to create the visiting cards in a Photoshop document	Could be able to use the tools that are used to create the visiting cards.	
Day -5	Explanation and creating a visiting card with details and logo in a photoshop document	Learnt about how to create a visiting card with details and logos	
Day -6	Practiced creating a visiting card with logo and details in photoshop	Could be able to create a visiting card with logo and details.	

WEEKLY REPORT

WEEK - 13 (From Dt. 21/2/23 to Dt. 27/2/23)

Objective of the Activity Done: Creating a visiting card in photoshop

Detailed Report: In general, visiting card length is 9.2 - 5.4

To create a visiting in a photoshop document:-

* Click file. It's in the menu bar at the top of screen

This displays a drop down menu.

* Type desired width and next such as 3.75. Type 300 next to "Resolution".

* Select CMYK color mode. click Rulers drag a guidelines to 1.25 in from all edges.

* To add color to the visiting card. click the square at the bottom of the toolbar. pick a color for background.

* Adding text to the business or visiting card. click the text tool. Select a font for your text. click where you want the text to go in the document.

* Adding graphics or logos to the cards

click layer tab in the sidebar to the right

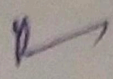

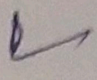

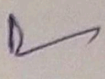

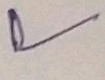

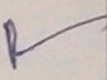

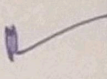

click the icon that resembles a sheet of paper.

Select the logo or image you want to impact.

* click place and drag the logo where you want it to be placed in the document.

* Adjust the size of the logo and other details. click the check mark icon to confirm the position.

ACTIVITY LOG FOR THE FOURTEENTH WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day -1	Introduction about the tools such as Inverse, flatten image, sharpen and unsharpen mask	Understood about Inverse, flatten image, sharpen and unsharpen mask	
Day -2	Practiced about the tools Inverse, flatten image and sharpen and unsharpen mask	Learnt about how to use the tools inverse, flatten image and mask	
Day -3	Explanation about polar Co-ordinates, Rotate Canvas and Stylize to create exploding Planet	Understood about Polar co-ordinates Rotate Canvas and stylize	
Day -4	Practiced about the polar Co-ordinates, Rotate Canvas stylize which are used in exploding Planet	Could be able to use the tools polar Co-ordinates, rotate Canvas and stylize	
Day -5	Explanation about how to create a exploding planet by using different tools in Photoshop	Learnt about how to create a exploding Planet in a photo-shop document	
Day -6	Practiced the creating a exploding planet in a photoshop document by using different tools	Could be able to Create a exploding Planet in a photo-shop document.	

WEEKLY REPORT

WEEK - 14 (From Di. 6/3/23. to Di. 11/3/23...)

Objective of the Activity Done:

Creating a exploding planet

Detailed Report:

Start with a new document 640x480

* Now open the mud image up, on the dist image $ctrl+A$ to select all, then go to the new document you just created and press $ctrl+V$ to paste image.

* The cracks are dark, so we will invert the image so it becomes white. Image \rightarrow Adjustment \rightarrow Invert

* Now go to select \rightarrow Inverse, Filter \rightarrow Distort \rightarrow spherize set amount to 100%.

* Then go to layer \rightarrow Flatten Image

Now go to filter \rightarrow Sharpen \rightarrow unsharpen mask

Amount: 500%, Radius: 1.7 Px; Threshold: 122 levels

* Go to filter \rightarrow Distort \rightarrow polar co-ordinates

options: polar to Rectangular

* Go to Image \rightarrow Rotate Canvas \rightarrow 90 CW

Apply: Filter \rightarrow Stylize \rightarrow Wind.

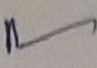

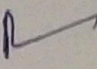

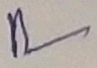

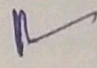

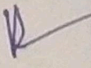

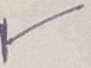

Method: Wind direction: From the right. Select $ctrl+E$ to apply.

* Go to: Image \rightarrow Rotate canvas \rightarrow 90 CCW

Finally, apply filter \rightarrow Distort \rightarrow polar co-ordinates

* To adjust the colors use image \rightarrow Hue and Saturation or Image \rightarrow Color Balance.

ACTIVITY LOG FOR THE FIFTEENTH WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day -1	Introduction about Gray Scale photos editing by using different tools in photoshop	Learnt about the tools that are used to change Greyscale images	
Day -2	Practiced the different tools that are used in the editing of Grey scale photos in Photoshop	Could be able to use the tools that are used to edit Grey scale photos	
Day -3	Explanation about how to change the background, scratches and dents in a Grey scale photos	Understood how to change the background scratches and dents in a greyscale photo	
Day -4	Practiced how to change the background, remove scratches and dents in a grey scale photo	Was able to change the background, remove scratches and dents in Grey scale	
Day -5	Explanation about how to add the color and change the color of the details in a Grey scale photo.	Learnt how to change the colour of the details of Grey Scale photo.	
Day -6	Practiced adding the color to the photo and to the details of Grey scale photo in photoshop.	Could be able to add the color to the details of a grey scale photo.	

WEEKLY REPORT

WEEK - 15 (From Dt...12/3/23 to Dt...18/3/23)

Objective of the Activity Done:

Changing Greyscale photo to color

Detailed Report:

We can edit the greyscale photo and its details by using the following steps:-

* If we go to Image menu at the top of the screen and hover over "Mode", you will see a drop down menu appear. In this menu, you will see the options to change your image from "Greyscale" to "RGB Color."

* Another way to change the color in photoshop is to use the Hue/Saturation Adjustment layer.

To do this

- 1) Go to layer
- 2) New adjustment layer
- 3) Hue/Saturation

* To change the background in a greyscale photo use the background and color tool in "tools" palette.

* Another way to change the color of a greyscale photo is to use the paint bucket tool. This tool will automatically fill in the area with the color that we have selected.

* To style our text in a grey scale photo we can use , <u>, <p> tags.

* We can also bring the color back in a grey scale photo by using "Exposure" adjustment layer

CHAPTER 5: OUTCOMES DESCRIPTION

Describe the work environment you have experienced (in terms of people interactions, facilities available and maintenance, clarity of job roles, protocols, procedures, processes, discipline, time management, harmonious relationships, socialization, mutual support and teamwork, motivation, space and ventilation, etc.)

- * Apply safe working practices.
- * Comply with environment regulation and housekeeping
- * work in a team, understand and practice soft skills, technical English to communicate with required clarity.
- * Understand and explain the concept in productivity, quality tools, and labour welfare legislation.
- * Apply such in day to day work to improve productivity and quality.
- * Computer basic and perform installation, customization of operating system, related software in a computer for Multimedia purpose.
- * Safe handling of Multimedia devices video camera, digital camera, Microphone, web cam and data transfer.
- * photo editing and apply special effects by using Adobe Photoshop and Adobe Illustrator.
- * web browsing, video streaming, uploading and downloading of video, audio, image on internet and secure information from cyber attacks
- * Video editing and apply special effects by using Adobe Premier and Adobe After Effect.
- * Creation of Graphics Animation and sound effect by using Flash and Maya, 3Ds Max.

Describe the real time technical skills you have acquired (in terms of the job-related skills and hands on experience)

The following are skills described in Photoshop:-

- * Photo editing:- It is essential skill that can bring out the best in an image and provide basic photo editing.
- * vector tracing:- It is the process of recreating an image within vector software. This tool is used to turn something drawn on paper into a vector art, tracing raster logo and tracing a pattern on texture and much more.
- * Typography:- It is the art of creating a lucrative typeface is the skill that enables you to create an impactful and emphatic text type that will grab the reader's attention.
- * Free hand writing:- Is the ability to create two dimensional vector graphics oriented primarily to professional illustration desktop publishing and content creation for the web.
- * Color theory:- Is the knowledge of how to use color psychology to amplify your message with impactful designs that evoke the right emotion.
- * Print design:- Is the ability to create flyers, posters, brochures, magazines, business cards, or other graphics for print or the web.

These technical skills help to modify the videos, images, text in Adobe Photoshop.

Describe the managerial skills you have acquired (in terms of planning, leadership, team work, behaviour, workmanship, productive use of time, weekly improvement in competencies, goal setting, decision making, performance analysis, etc.

The managerial skills that I acquired during the internship:-

- 1) Communication creates a positive Environment.
 - 2) Respect for the team, friends and co-ordinators, guiders.
 - 3) Persuasion, difficult tasks solved with the help of guiders.
 - 4) Trust, is built on communication, mutual respect and values.
 - 5) Openness, hearing about the problems, errors and modifications during the editing, work on experience.
 - 6) Patience, By the editing of an image, I developed patience that it will be success
 - 7) Self control, Fostering an environment of learning.
 - 8) Thoughtfulness, Creative thinking, on cropping the image, text editings in different methods.
 - 9) Macro-Management helps me to shorten the work
 - 10) Leadership, helps me to motivate others, helping others at the same time receiving the suggestions and help from the friends. Guiding them and giving support to each person-etc.
- During this internship a lot of work may managed and completion of all the work given by the guider. Creativity to change in my work environment. I can able to rectify with the help of step to step process.

Describe how you could improve your communication skills (in terms of improvement in oral communication, written communication, conversational abilities, confidence levels while communicating, anxiety management, understanding others, getting understood by others, extempore speech, ability to articulate the key points, closing the conversation, maintaining niceties and protocols, greeting, thanking and appreciating others, etc.)

The communication skills, I improved during this long-term internship:-

- * Listening the words of the persons and giving reports or response after listening their problem or task.
- * The language used by me is in polite manner. when I got a rude it may be effective to the communication.
- * Body language matters how much I am listening, how I am interested for the work.
- * checking the messages before sending them whether it is right or wrong spelling corrections etc.
- * I have improved my confidence level by taking my own decisions during the internship modules and editing.
- * Having written communication while developing the editing.
- * Maintaining a positive attitude and smile while the people in front of me.
- * Treating everyone equally, with respect etc.
- * when they help me during the internship thanking them.
- * Greeting them when they are appeared in front of me.
- * Appreciating friends and other's success.
- * Ability to articulate the others errors etc.
- * I have developed the conversational abilities.

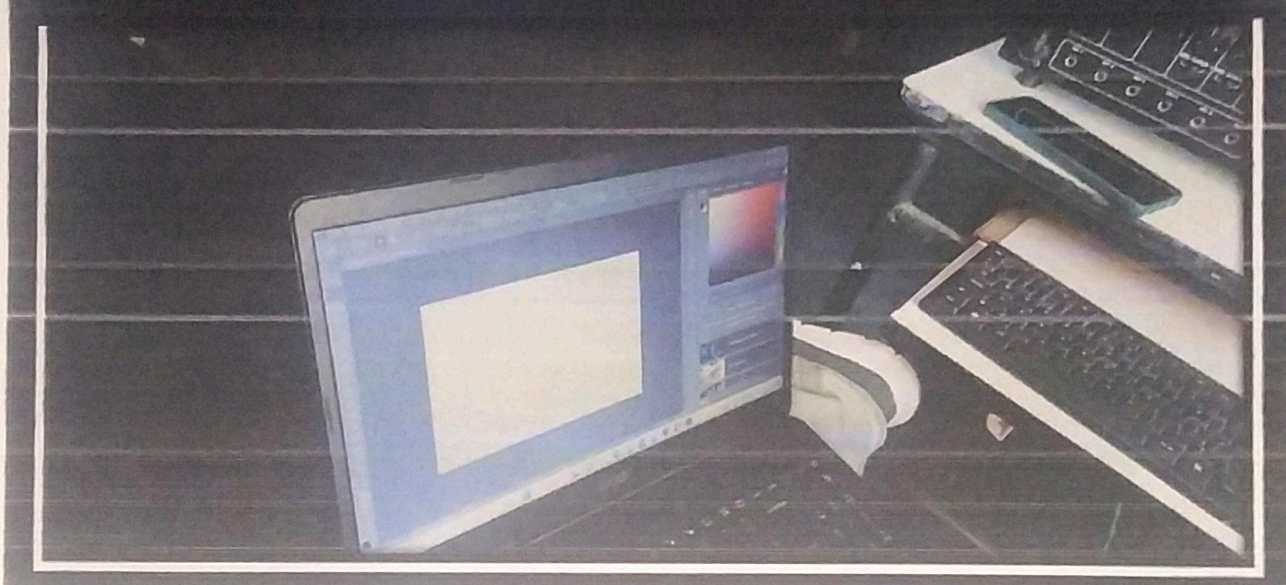

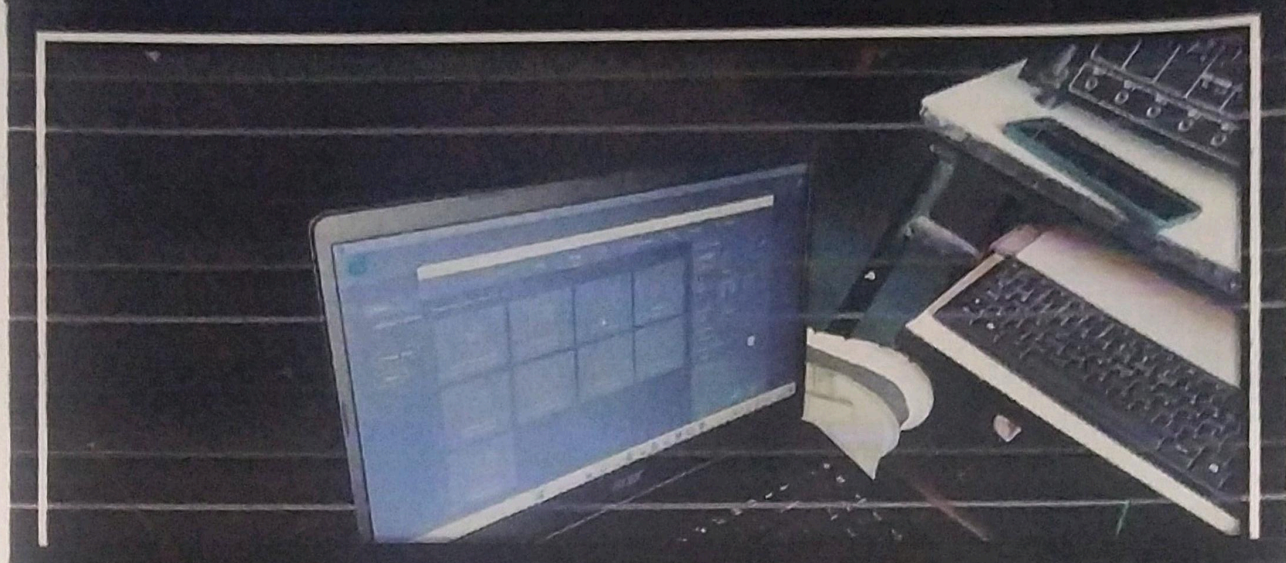

Describe how could you could enhance your abilities in group discussions, participation in teams, contribution as a team member, leading a team/activity.

There are several skills to efficiently and positively interact with the team members to achieve a shared goal, whether you are in an entry-level position management role, you should work on strengthening both your verbal communication skills and practical working skills. Volunteering to organize activities could help to enhance your working skills and also asking someone you respect to be your work. Engaging with the team members and participating in group activities will the team within your organization by discussing ideas and effectively listening and observing the co-workers peers and manager to do your best in every situation allows you to up lift your strong work ethic and your focus on excellence seek out opportunities to speak about your visions at work to the establish yourself through your skills. in a professional setting seek out managers you admire at work and create closer connections with them. Attend discussions education session to improve your learning skills, you can learn your learning and leadership skills and again guidance from some one who you admire professionally.

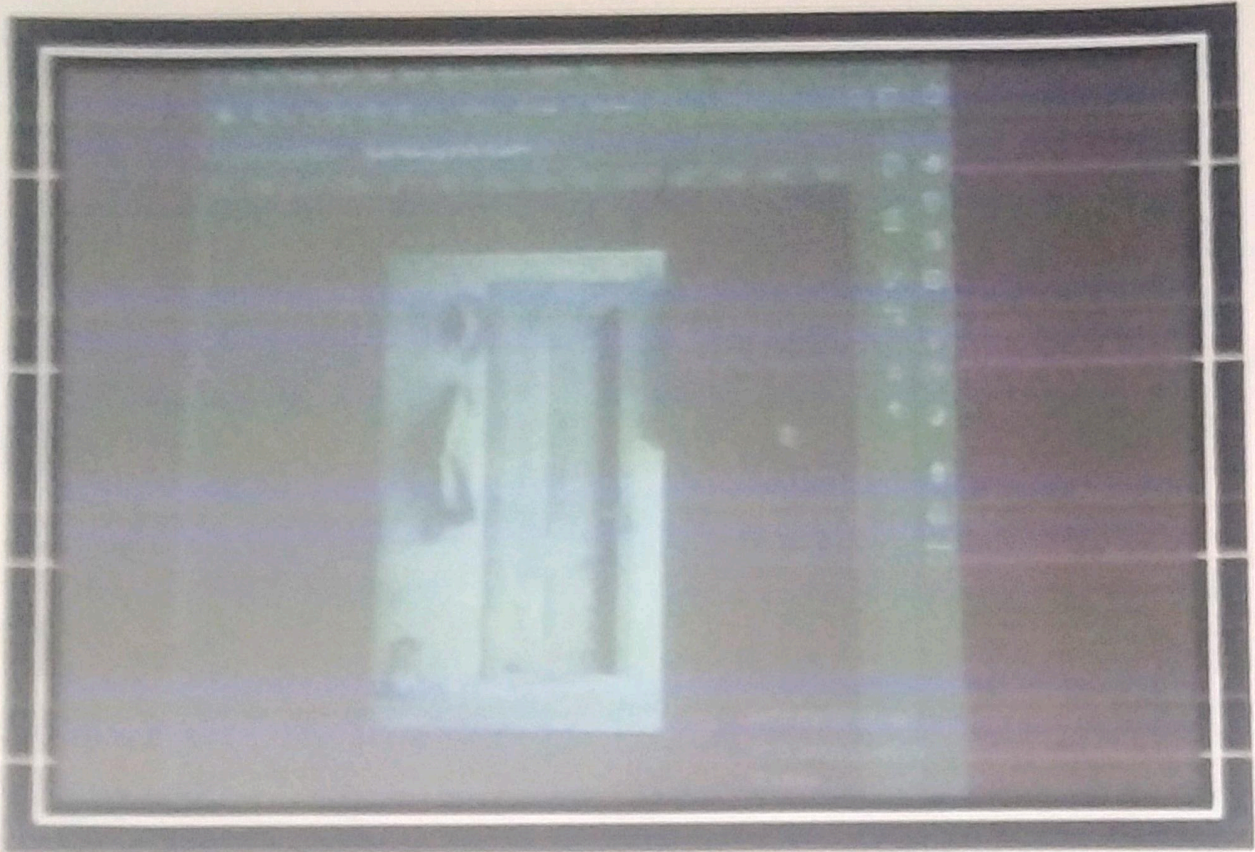

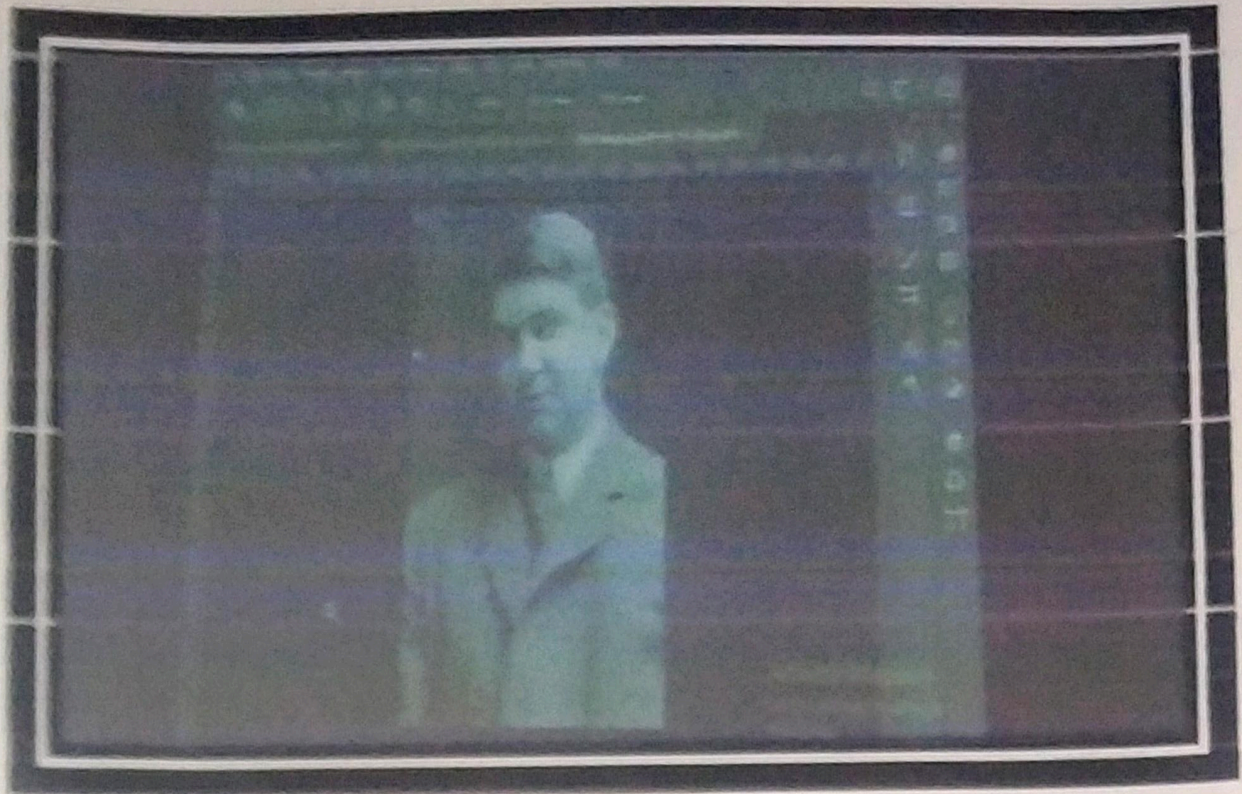

Describe the technological developments you have observed and relevant to the subject area of training (focus on digital technologies relevant to your job role)

Doing this long-term internship about Multimedia and Animations helped me to achieve the following technological developments :-

- * Ability to customize photos, graphics and move to fit with style presets, photoshop support many file types.
- * photoshop allows you to edit images in a fast and efficient environment. The software has preset filters, brushes and layers.
- * photoshop enables users to create social graphics from photos or draw on a blank canvas with shapes, brushes and pens.
- * Basic video and animation layer editing.
- * With the help of photoshop we can add painting effect, by using filters you will make it easy to transform.
- * Improves picture quality and transform your thinking into images, logos and designs.
- * Creating layouts for print projects such as newspapers, magazines, and posters.
- * Altering photos, creating graphics, making websites and for compositing images.
- * Fast editing process as photoshop supports every type of files, images and videos.
- * To remove demishes, wrinkles, scratches, dents and other imperfections from the photos.
- * To make digital arts in the digital technology for presentations.
