- Display of fabric paintings in exhibitions

Activity Description:

One of the most creative mediums in which one can express is through painting and various types of painting mediums can be used to present thoughts on various surfaces, especially in textiles. Fabric painting can be used to decorate everything from clothing to home furnishings like curtains and tablecloths. It opens all sorts of possibilities for creative expressions, allows you to create unique one-of-a-kind works of art, and it isn't hard to do. It is possible to paint any fabric, but tightly woven natural fabrics like cotton and silk are easiest to decorate if a crafter is attempting to create images. In this activity. The activity was very beneficial for the students as it was all about creativity, and as young upcoming Indian fashion designers, students must know about Indian art so that they can use their research and this activity's experience in the future in designing. The outcome of this activity was very impressive.

Activity Outcomes:

- Got knowledge about which fabric is more suitable for painting.
- Learned teamwork and got knowledge about paintings.
- Learned about colours and practical exposure to various fabric arts.
- Got a deep understanding of art and culture was very creative and informative.

DEPARTMENT OF BOTANY

Class/Year	: III BSc (BBC)
Name of the Activity	: PEARL Lab Visit
Date	: 31-03-2022
No. of Students enrolled	: 45

Objectives:

- Making abstract scientific understanding concrete
- To develop scientific skills ,attitudes ,interests and appreciation
- To develop scientific reasoning abilities
- Give students Hands on experience

Brief Report:

The final year students of MBC&BBC had visited Pasteur Education and Research Training Laboratory (Pearls) on 31st march 2022. The students gained lot of practical experiences. They have learned the following things.

Out Comes:

- Students visited biological park and observed different medicinal plants their botanical names, common name and medicinal values.
- Students observed different instruments which are used in tissue-culture process and process of tissue culture.
- Students learnt extraction of D.N.A From onion.
- Students observed botany related spotters.
- Students learnt preparation of Vermi -compost.
- Students learnt procedure and process of mushroom cultivation.
- Students also learnt P.C.R and Aqua culture procedure and process.

GEUST LECTURE

Class/Year : **II B.Sc., (BZC) IV SEMESTER**
Name of the Activity : **GUEST LECTURE ON NITROGEN METABOLISM**
Date : 06-12-2022
No. of Students Attended : 80

Activity Objectives:

- Nitrogen is one of the important essential element required for the growth and development of the plant.
- Nitrogen is present in the bio molecules like proteins, amino acids, some phyto hormones ,enzymes
- Nitrogen regulates various metabolic processes of the plant.

Activity Description:

The effective Presentation of guest lecture by Mr D.Simon lecturer in botany St Ann's college for women, Gorantla Guntur. Attracted the attention of the students on the topic Nitrogen metabolism on 6th December 2022.Nitrogen metabolism is one of the important metabolic activity in plant physiology students understand very easily by the presentation of Power point presentation

Activity Outcomes:

After attending the lecture the students are able to,

- Explain source of nitrogen.
- Different types of bio molecules containing nitrogen are one of the elements.
- Role of Nitrogen in the plant growth and development.

Guest Lecture On Nitrogen Metabolism By Mr.D.Simon
