B.COM HONOURS (COMPUTER APPLICATIONS)

Programme Overview:

B.Com Honours (Computer Applications) is a rigorous four-year undergraduate program designed to blend commerce education with advanced computer application skills. **Our college is offering a three-year degree program.** This course provides students with a solid foundation in financial and management accounting, along with expertise in computer programming, software development, and information technology. The curriculum is crafted to prepare students for dynamic careers in both the commerce and IT sectors, equipping them with modern technical skills and business acumen.

What is it About?

- ❖ Combines core commerce subjects such as Financial Accounting, Cost Accounting, and Management Accounting with comprehensive training in computer languages and applications.
- ❖ Bridges the worlds of business and technology, making students versatile and employable in diverse fields like software development, banking, business analysis, and more.
- ❖ Prepares students for careers in IT industry, educational institutions, computer training centers, banking, web designing, app development, and other technology-driven domains.
- ❖ Offers opportunities to work as software developers, computer operators, accounts specialists, and IT consultants. Emphasizes innovative techniques and
- ❖ practical exposure to market trends, broadening students' outlook on the functioning of global markets.

Why Study B.Com Honours (Computer Applications)?

- ❖ Gain expertise in both commerce and computer programming, making you highly desirable in today's job market.
- ❖ Develop valuable skills in financial and management accounting alongside computer applications, ensuring future career growth.
- ❖ Acquire computer skills to troubleshoot, develop software, or offer IT solutions—adding value to traditional commerce roles.
- ❖ Enjoy diverse job opportunities with attractive salary packages in sectors like finance, IT, auditing, consulting, and more.
- ❖ Enhance your prospects with placements in reputed companies and opportunities to pursue higher studies such as M.Com, MCA, or professional courses like CA, CMA, or CS.

Career Prospects & Job Opportunities:

Graduates can find rewarding careers in both public and private sectors, including roles such as:

- Chartered Accountant

- Auditor
- Computer Programmer
- Business Analyst
- Mobile App Developer
- Business Consultant

This degree offers the flexibility to work in fields like software development, financial analysis, business management, and IT consultancy.

Future Scope:

- ❖ Pursue higher education such as M.Com, MCA, or professional certifications like CA, CMA, CS.
- ❖ Work in reputed companies as an IT specialist, financial analyst, or business consultant.
- ❖ Explore opportunities in advertising, management, software development, and beyond.
- ❖ The broad range of career options ensures a bright and versatile professional future.

Admission Process:

Admissions are based on merit, with the following details:

- Total Seats: 80 (56 seats via convener quota, 24 seats via management quota)
- For further information, please contact the college office or use our online chatbot.

Eligibility Criteria:

Preference is given to students who have cleared their Class 12th exams with relevant commerce or computer science subjects.

- ❖ **C.E.C** (Commerce, Economics, Commerce)
- ❖ **M.E.C** (Maths, Economics, Commerce)
- ❖ **H.E.C** (History, Economics, Commerce)
- ❖ **M.P.C** (Maths, Physics, Chemistry)
- ❖ **Bi.P.C** (Biology, Physics, Chemistry)

Proposed Minor Course: Business Management
